

The Wedding Administration Fee

What is it? How much is it? Why is it mandatory?

These are all probably questions you are asking yourself in regards to the wedding administration fee.

The following is a brief explanation to help answer any questions or concerns that you may have.

The wedding administration fee is indeed a mandatory \$300.00 charge that is applied to all wedding ceremonies or receptions.

As you may or may not be aware, much more planning with time and effort goes into a successful wedding than goes into a summer picnic. All events and guests are important to us. We do our best to make all events and functions successful; however, when it comes to a wedding, which is a once in a lifetime experience, it is YOUR day and nothing should go wrong. The fee helps pay for more time and detail in some of the following areas such as the setup and banquet crew, sales directors, and access to the building early for decorating.
